

THE LAND OF LEGENDS

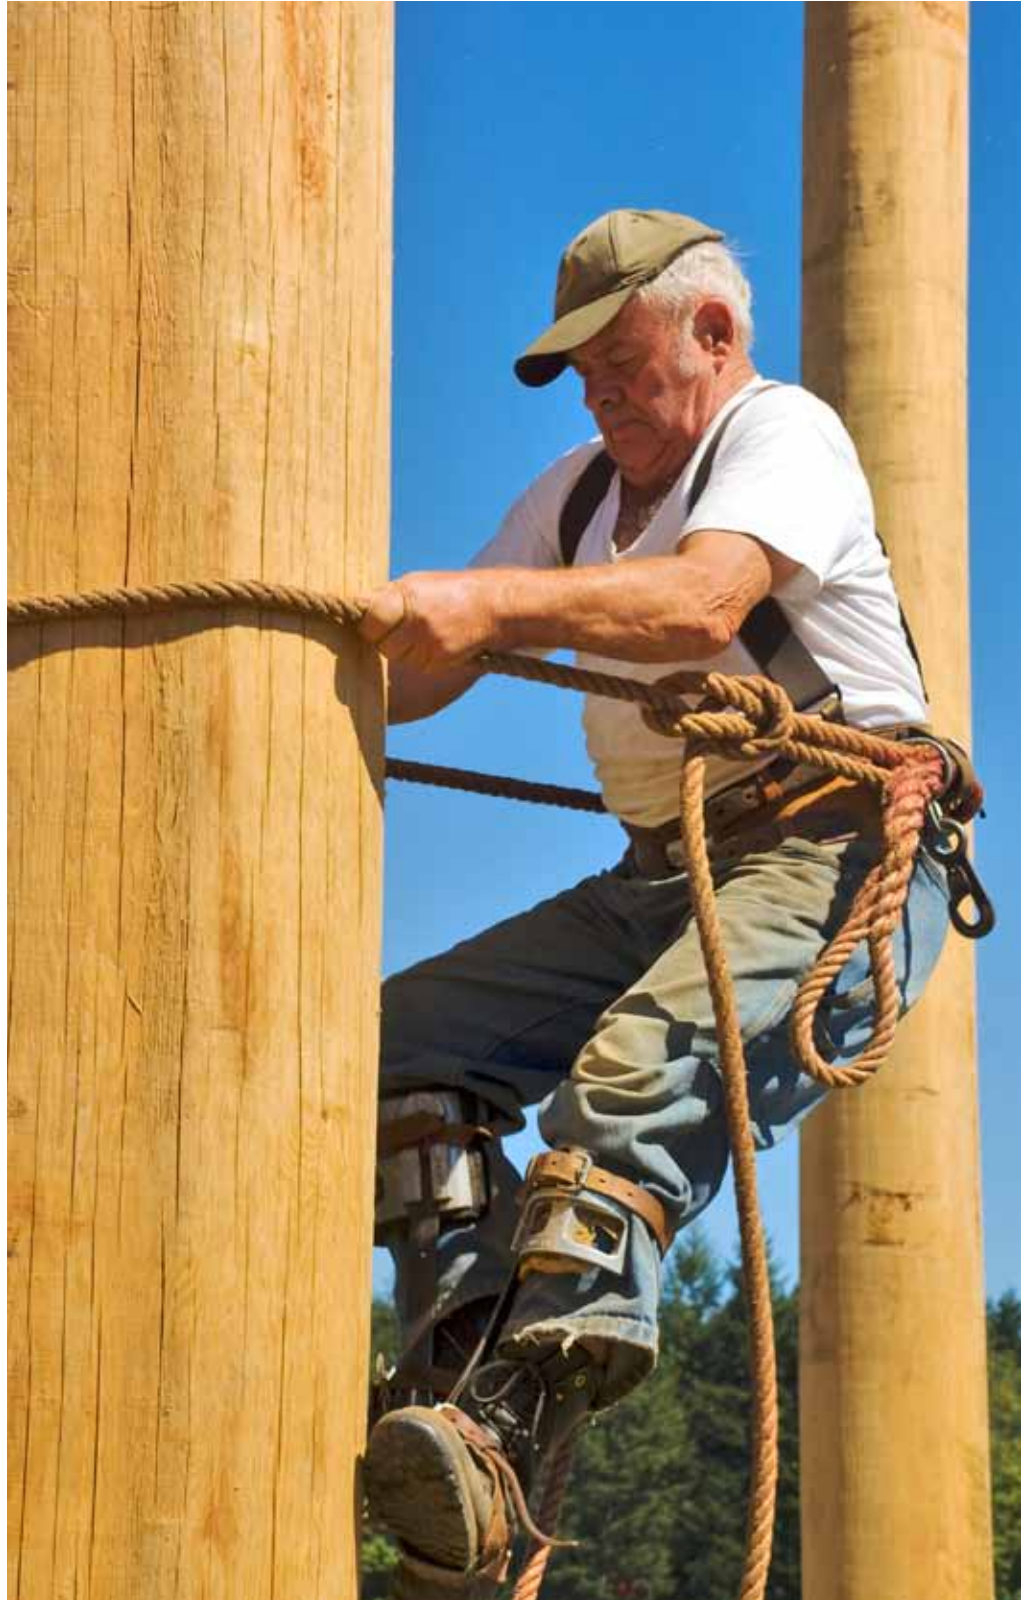

2017 LOGGERS SPORTS COMPETITOR PACKAGE

About Cowichan Logger Sports

The Cowichan Exhibition is pleased to announce that during the 149th Cowichan Exhibition Fair the first logger sports competition at the fair will take place since the 1980's. The Cowichan Exhibition is bringing the heritage sport competition back to the fair Saturday, September 9th, 2017. The theme of "The Land of Legends," is sure to bring out local favorites and many entertaining tales!

Logger sports competitions have been occurring in logging camps and communities for decades. So bringing the skills from the forest to a competition setting which celebrates British Columbia's logging history is a reason to get excited! Loggers and non-loggers alike come together to demonstrate their skills in friendly competitions. These competitions take place all over North America and attract local, national and international competitors. The events are fast and exciting ranging from power sawing to the ever popular speed climbing.
