# PRESIDENT'S MESSAGE

PRESIDENT: Tony Irwin

The Cowichan Exhibition's theme for 2022 is "Jack & the Beanstalk". It's a well-known fantasy of reaching for the sky and gaining a rich reward. After all we've been through in the past three years it's appropriate to have a big dream of better times.

We are planning a full three-day Exhibition with its usual feel and flavour – a blend of old favourites in the Hall and out on the Grounds – plus there will be new and improved attractions. Our catalogue will help you plan your entries for our competitive classes, some of which have great prizes thanks to extremely generous donations by both individuals and businesses. This year's Fall Fair could be as rewarding as Jack's adventure! Providing a venue to show off your creative pride and joy is the reason the now well over 150-year-old Cowichan Exhibition continues to exist.

We are always looking to add interesting features and displays be it livestock, produce, giant beans or any other farmed product. If you have something in the way of an agricultural display that you feel could be a great addition to the weekend, please contact us at (250) 748-0822 or [cowex@shaw.ca](mailto:cowex@shaw.ca).

It is always our vision to put on the best Cowichan Exhibition ever. On behalf of the many volunteers who work so long and hard to put on this annual show, I invite you to come and enjoy the fruits of their labours. Seeing your smiling faces at the Fair is why we willingly do the work to make this giant event happen. Please come, bring your family and friends; this year's "Jack & the Beanstalk" Exhibition is going to be fantastic!

## HANDS UP if you'd like to help out at the Fair!

## Theme:

### Jack & the Beanstalk

*Join Jack & friends at the 2022 Cowichan Exhibition!*

The artwork for the cover of this year's catalogue is from the creative mind of Carolina Vazquez, one of Cowichan Exhibition's Junior exhibitors.

This is not Carolina's first foray into print.

Last year she illustrated a delightful tale

"A Farmyard Christmas Pageant"

written by local author Donna Hert.

Carolina's drawing is bound to motivate exhibitors of all ages entering the Theme challenges in many of our Hall Divisions.

For example, in Div. 23. Hobbies & Crafts, there's class #1 - a doll inspired by Jack, any craft technique.

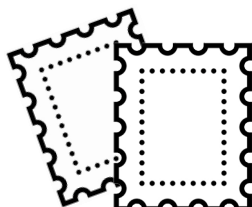

Other Juniors taking part in the Fair will be able to submit their own interpretation

of the "Jack & the Beanstalk" story

in the form of a stamp for one of our

Design a Stamp Classes (Div. 30, section 21)

sponsored by the Cowichan Valley Stamp Club.

Look for these classes and more within the pages of the Cowichan Exhibition's 2022 OFFICIAL CATALOGUE. It's a great read!

### ASK THE MASTERS!

Members of the  
MASTER GARDENERS ASSOCIATION OF BC

### Minding your Ps & Ss!

DID YOU KNOW? Pumpkins are a type of squash, and both belong to the *cucurbitaceae* (gourd) family. Cucumbers, luffas, watermelons and melons are part of the same family, and all of them grow on vines.

TWO THINGS that set pumpkins apart from squash are their edible seeds and their stems. When you pick up a pumpkin, pay attention to its handle (technically called a *peduncle*); it's more rigid, prickly and angular than the stems of other squashes.

## Tips from the Cowichan Valley Camera Club

### GENERAL:

- Is the print free of smudges, scratches and finger prints?
- Print quality is important; consider having your image printed commercially.
- Great light makes great pictures. Use soft lighting for people, and early morning or late day lighting for landscapes. Avoid midday sun.
- When photographing pets, compose your image at eye level; it will let their personality shine through.
- When composing pictures involving a horizon, i.e. landscapes or seascapes, ensure the horizon is level (horizontally aligned).
- Before taking a picture, check the areas around and behind your subject. A cluttered background is distracting and takes away from your subject.

### VIEWPOINT:

- Does the image fit the theme of the class?
- Does the image grab your attention? Is it a fresh, original view of the subject?
- Does the image avoid being too busy and confusing?

### COMPOSITION:

- Is the cropping effective and complimentary to your subject (i.e. horizontal, vertical, panoramic)?
- Fill the frame with your subject.
- Is the viewer's attention led to the main subject?
- Is the subject offset using the 'rule of thirds'?

### TECHNIQUE:

- Avoid overexposing the lighter details and underexposing the dark shadows.
- Is the image in focus where it should be?
- Has good use been made of contrasting and complementary colours?

- Sports/Action – any photo that captures or stops motion as its main subject.
- Architecture – a constructed form (man-made or natural) or any part of it
- Vineyard Landscape. **Special prize: \$25 . . . sponsored by First Leaf, [www.firstleaf.ca](http://www.firstleaf.ca).**
